

Berkley Steelers Youth Football and Cheerleading Fundraising

Dear Berkley Steelers Youth Football and Cheerleading Supporter,

The Berkley Steelers Youth Football Program has been the one and only of its kind in our area for almost 40 years. We host this travel youth program in the Oakland Macomb Youth Football Organization (OMYFA) and have been the primary feeder program for the Berkley Bears High School Football and Cheer programs, with families from Berkley, Huntington Woods, Oak Park, Southfield, Detroit and across the metro area.

As a non-profit organization we depend on our registration fees and donations from businesses and sponsors across the area to help support our program. This can include sponsoring a player, purchasing of replacement and new equipment such as helmets, shoulder pads, training equipment, which could not be possible without the community's support. Costs of outfitting a player with the proper equipment and a new uniform can range over \$500 per child. With your support, we can work together to make sure that the one and only Berkley Steelers Youth Football and Cheerleading program continues for generations to come. Other necessary and needed equipment include Automated External Defibrillators (AED) devices at practice fields and medical equipment.

If you are willing and able, please review the attached sheet and let us know where you can help. Each donation is tax deductible and comes with varying levels of sponsorship and in return advertisement for your business. Please return this form when possible to;

Berkley Steelers Youth Football & Cheerleading
Attn: Corporate Sponsorships
PO BOX 725435
Berkley, MI 48072

We will contact you after receiving your form to confirm details (artwork, signage, etc.) and arrange for pickup of donated items if necessary. Please feel free to call or email me with any questions. Your support of the Berkley Steelers is *greatly appreciated!*

Sincerely,

Samantha Gobie
